Executive Summary of Bid Evaluation Report

STUDY ON PRICING AND COSTING OF ROADS CONSTRUCTION AND PRESERVATION WORKS

Procurement Reference Number: SC/RFP/RA-08/2018

1. Scope of Contract:

The project entails the undertaking of a study on pricing and costing of the road works for development and preservation projects in Namibia. The study is to provide an understanding of realistic and adequate unit prices in the Namibian roads construction market, as well as the factors and issues that have determined and still determine changes in costs and prices. On the basis of this analysis, the study should recommend to the Authority and other stakeholders on policies, regulations and specifications with the objective of improved cost control in the Namibian National roads construction market as well as instruments that can help achieving a competitive and predictable market.
