SUBJECT : TEMPORARY DE-LINKING OF DEBTS FOR PAYMENTS OF MOTOR VEHICLE LICENCE AT NATIS

The Roads Authority (RA) hereby informs the public that as announced by Honorable John Mutorwa, Minister of Works and Transport, in parliament on 24 June 2020, NaTIS will de-activate the linking of debts for the renewal of Motor Vehicle Licences for customers with multiple vehicles on their names effective from 1 July 2020 – 30 June 2021.

This means that a customer with multiple vehicles registered on his/her name, will be able to effect payment for the renewal of a vehicle licence, without being affected by the debt/arears of another vehicle/s registered under his/her name. However, it should be noted that the renewal would only be permitted for vehicles that are fully paid up. No renewals will be permitted for vehicle licences that are in arears or have outstanding penalties, until such time that the outstanding debt on that particular vehicle has been settled.

In addition, the RA wishes to remind the public that, in accordance with the Road Traffic and Transport Regulations Act, 2001, no vehicle is allowed to be operated on a public road with an expired license disc. Therefore, The RA is reminding all customers with expired or expiring vehicle licences to renew their licences on time.

The RA is also calling on vehicle owners who were affected by the linking of debts to take advantage of this temporary de-activation to renew licence discs of the vehicles that they intend to operate, while making arrangements to clear the outstanding debts in due time.

Please take note that no penalties/debts will be waived.
