The Roads Authority (RA) is pleased to inform the public of the re-opening to traffic of District Road (DR212) from **AUSSENKEHR- ROSH PINAH**.

The road was recently closed off due to water washaways that damaged a section of that road. All repairs have been completed and the road deemed safe for travel.

The RA would like to thank all stakeholders (Public and Businesses) for their patience and cooperation during the closure period.

The Public is also urged to report any obstructions or hazardous conditions observed on the national road network to pr@ra.org.na and to like/follow our Facebook page (**Roads Authority- RA Namibia**) for updates on road conditions.
